It appears the Commissioners have made an unpromising commencement of their labors. Many of them were bexperienced in the ways of life in the wilderness, and are now repenting their temerity in venturing upon scenes to which they were unaccustomed. Insubordination and difficulties of various kinds have occurred to the war gloom over the commencement of the expedition. They suffer I on the route

It is said that Col. McLellan, the commander of the escort, had left the expedition and gone onward in advance to El Paso, for which it is said he had been arrested. Many attached to the expedition have been discharged and will probably return.

DYSPEPSIA AND NERVOUS DEBILITY.

Missine Nostrano & Bacm.

Gente :-Gratitude will no longer prevent the knowledging to you how much I have been tene-fitted by the use of Dr. S. P. Townsend's Carraga-rilla. For nearly a year I have been addicted with Dyregais and Nervous Debility, I had become all most discouraged, as my physician's prescriptions were every day the same: "You require no medicine, but szercies in the open air, my good ledy, et you will never get well," Freling as I then did. this was not practicable. So I begun, through the precommendation of a Mrs. Caman, in Adhren to take Dr. S. P. Townsendis Same; aritis. She said it would strengthen the recommendation of a Mrs. Caman, in Adhren to il would strengthen and give an appetite, if nothing none. By her advice, sent \$2,50 and obtained three bottles. Before I had taken all of the first bottle. began to feel stronger, and spirits much improvedbegan to go out more or less every day. There not taken all of the third bottle, as I find a total postful mix to have more effect than the data less postful did at first. This, I have been told, it one of the gree, swirels of the success of your reducing; that instead of hereasing, the does in diministed. I am now subying better betth than I have before for a year, as I am well known to many in your city as well a As I am well know to many in your city is well as in Brooklyn, it might be to your interest to pub-lish this, which you have my concern to do.
